Society's New Game.

"Trail" has taken society by storm. It is something new, something different. "Trail," as the name implies, is founded on a popular hunting sport, is played with fifty-three fine cards in four colors, representing a fox to be chased and caught, and four packs of hounds of thirteen each. "Trail" has a constantly recurring interest for players as they perfect their playing from evening to evening, in marked contrast to certain recent boisterous games that bore the players at the end of an hour.

With the one pack six other splendid, new, copyright games can be played. Two Educational games, and two games of Fun, making it suitable for all members of a family.

"Trail" can be had of dealers or sent post-paid, 75c gilt-edge, plain 50c. Rules for the seven games free.
